

Zenzele Primary School in Folweni

Volunteers from GUD Filters together with Project Build, teachers from the school and the community of Nsimbini got together on this project. Together they painted the classrooms, toilets and library inside and outside, they cut the grass around the school, and started a small vegetable garden.

KwaManzini Pre School in Kwa Ndengezi

There was much excitement at the School when the Lewis Group Team, lead by Sharon Rohm, the Service Excellence and CSI Manager, specially flew to Durban from Cape Town head office to be present at this colorful and warm ceremony to Hand over classrooms and toilets. Present were two representatives of the Department of Education and Project Build. Lewis Stores has built 21 classrooms, 7 toilet blocks and ancillary buildings in the last 4 years. A remarkable record. In this picture the pre school learners express their joy.

Ntabende Primary School in Keates Drift

Before building at Ntabende Primary School.

After building 3 classrooms , kitchen and an 8 cubicle toilet block at Ntabende Primary School.
